

Bio - Forcefield

Forcefield is the collaborative alias of Afra and Serge, formed out of a series of events at Poing (Rotterdam) focused on giving obscure B-sides and overlooked records the shine they deserve. While the event series continues, Forcefield has also become the name they use for special back-to-back sets.

Afra has quickly established herself as one of the most exciting selectors in the scene. As a resident at Raum/Spielraum, she's gained a reputation for sets that seamlessly weave acid, gritty electro, and '90s techno with fearless energy and sharp precision. Joining her in the booth is Serge, a true pioneer and the mind behind Rotterdam's iconic Clone Records. With decades of influence and an encyclopaedic knowledge of electronic music, he makes for the perfect b2b partner.

Together as Forcefield, they are a formidable duo—two deeply skilled DJs with overflowing record bags, and a shared curiosity for those records tucked away in crates that reveal their magic when given the right moment on the dance floor.
